

東京ドーム・エキサイトシート

Figure 1: A sequence of 17 diagrams (G35 to G47) illustrating the step-by-step construction of a 6x6 grid. Each diagram shows a 6x6 grid with some cells filled with numbers (1-6) and others empty. The diagrams are arranged in a row, with the grid size (6x6) indicated by the number of rows and columns. The sequence shows the progression from a single 1x1 grid (G35) to a full 6x6 grid (G47).
